

ORDINANCE

#2007-12

Whereas, the DeKalb County Board did appoint an Ad Hoc Solid Waste Committee and did engage an engineering firm to assist that Committee to study problems and make recommendations about the future disposal of solid waste in DeKalb County, and

Whereas, the Ad Hoc Solid Waste Committee has found that the DeKalb County Pollution Control Facility Siting Ordinance is in need of being updated, and

Whereas, at the request of that committee, Patrick Engineering of Lisle, Illinois has proposed revisions to the County Code at Article III Sections 50-51 through 50-58 to bring them in to compliance with current State of Illinois laws those proposed revisions are attached to this Ordinance and are hereby incorporated by reference, and

Whereas, the Ad Hoc Solid Waste Committee has recommended that the DeKalb County Board does adopt the attached revisions.

NOW, THEREFORE, BE IT ORDAINED that the DeKalb County Board does concur in the recommendations of the Ad Hoc Solid Waste Committee and does hereby adopt the revisions to Article III Sections 50-51 through 50-58 attached to this Ordinance.

PASSED THIS 19TH DAY OF SEPTEMBER 2007 A.D. AT SYCAMORE,
ILLINOIS

ATTEST:

SIGNED:

Sharon L. Holmes
County Clerk

Ruth Anne Tobias
County Board Chairman

DEKALB COUNTY

ARTICLE III. POLLUTION CONTROL FACILITY SITING ORDINANCE

Sec. 50-51. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Act means the Illinois Environmental Protection Act, as amended (415 ILCS 5/1 et seq.).

Applicant means any person, firm or partnership, association, corporation, company or organization of any kind proposing to obtain site location approval and IEPA permits for a Pollution Control Facility in unincorporated DeKalb County, and includes the owner of such site, the proposed operator, and any other party with an interest in the site, such as a lessee, contract purchaser or land trust beneficiary.

Board refers to the Illinois Pollution Control Board.

Committee refers to the Pollution Control Facility Committee.

County refers to DeKalb County, Illinois.

County Board refers to the DeKalb County Board.

Hazardous waste disposal site means a site at which hazardous waste is disposed. Hazardous waste is waste as defined in the Illinois Environmental Protection Act, as amended (415 ILCS 5/1 et seq.) (the "Act").

IEPA means the Illinois Environmental Protection Agency.

Incinerator means any facility that destroys waste through thermal processes with or without energy or materials recovery and includes any form of pyrolysis, liquefaction or gasification.

Mixed Municipal Waste means municipal waste generated by households and commercial businesses that has not been separated for composting at the point of generation.

Mixed Municipal Waste Composting Facility is an entire mixed municipal waste composting operation.

Mixed Waste Processing Facility means a transfer station where recyclables are separated from mixed municipal waste.

Organic Waste means food waste, landscape waste, wood waste, or other non-hazardous carbonaceous waste that is collected and processed separately from the rest of the municipal waste stream. Household hazardous waste is not an organic waste.

Organic Waste Composting Facility means an entire organic waste composting operation.

PCF refers to a Pollution Control Facility as defined in the Act. "PCF" includes a new Pollution Control Facility as defined by the Act.

Pre-filing Review means any work or action performed on behalf of the County to review a draft or conceptual application from the Applicant. This occurs prior to the submittal of a final application. A final application is submitted on the filing date.

Refuse Derived Fuel Facility means a facility that produces fuel pellet or additive to be combusted for energy recovery alone or along with another energy source and where non-combustibles (including, but not limited to glass, ferrous metals, and fines) are separated from mixed municipal waste.

Sanitary Landfill means a facility permitted by the Illinois Environmental Protection Agency for the disposal of waste on land meeting the requirements of the Resource Conservation and Recovery Act, and regulations there under, and without creating nuisances or hazards to public health or safety, by confining the refuse to the smallest practical volume and covering it with a layer of earth at the conclusion of each day's operation or by such other methods and intervals as the Illinois Pollution Control Board may provide by regulation.

Transfer Station means a site or facility that accepts waste for temporary storage or consolidation and further transfer to a waste disposal, treatment, or storage facility.

All other terms used in this Ordinance shall have the same meanings as the same terms as defined in the Illinois Environmental Protection Act (415 ILCS 5/1 et.seq.) and the implementing and interpreting administrative rules and regulations, in effect as of the date hereof, and as said statute and regulations and rules may be amended or modified from time to time.

(Code 1979, § 17-26)

Cross-references: Definitions generally, § 1-2.

Sec. 50-52. County approval required; exceptions.

No site approval for the development or construction of a new pollution control facility or expansion of an existing pollution control facility in the county may be granted by the county board unless an application is filed for approval of such a site and is submitted for consideration to the county board.

An application for site approval need not be submitted if:

- (1) The proposal is completely within the boundaries of a municipality.
- (2) The proposal will be a storage site for certain PCB-containing materials regulated by Federal Regulations 40 CFR 761.42.
- (3) The proposal is a site or facility used by any person conducting a waste storage, waste treatment, waste disposal, waste transfer or waste incineration operation, or a combination thereof, for wastes generated by such person's own activities, when such wastes are stored, treated, disposed of, transferred or incinerated within the site or facility owned, controlled or operated by such person, or

when such wastes are transported within or between sites or facilities owned, controlled or operated by such person.

(4) The proposal is a site or facility at which the state is performing removal or remedial action pursuant to section 22.2 of the act (415 ILCS 5/22-2).

(5) The proposal is a transfer station used exclusively for landscape waste, where landscape waste is held no longer than 24 hours from the time it was received.

(Code 1979, § 17-27)

Sec. 50-53. Committee and committee chairman.

(a) A pollution control facility committee (the committee) shall be established by the county board and shall consist of six members of the county board appointed by the chairman of the county board with the advice and consent of the board for a term of one year.

(b) The chairman of the pollution control facility committee shall be appointed by the chairman of the county board and shall be a member of the county board and shall be the seventh member of the committee. One member of the committee shall be designated acting chairman in the event of the chairman's absence. In the alternative, the chairman of the county board may elect if he chooses to assume the chair of the pollution control facility committee. The chairman shall serve for one year; no chairman shall serve for more than two consecutive terms. The chairman shall vote only if there is a tie in the vote.

(c) All meetings and hearings of the pollution control facility committee shall be at the call of the committee chairman, or in his absence, the acting chairman, at such times as may be required. Meetings may also be called by written request of two-thirds of the members of the pollution control facility committee. Such requests shall be in writing addressed to the clerk of the board and shall specify the time and place of such meeting. The clerk shall then give notice of the meeting to members of the board and to the general public as required by law.

(d) The committee shall elect a hearing officer or officers to serve during any public hearing concerning an application for site approval. The hearing officer shall serve at the pleasure of the committee. Compensation for the services of the hearing officer shall be mutually agreed upon before a hearing. The duties of the hearing officers shall be provided for in the Articles of Rules and Procedures- Pollution Control Facility Committee--DeKalb County, Illinois (the Articles of Rules and Procedures).

(Code 1979, § 17-28)

Sec. 50-54. Procedure for filing application for approval.

(a) Host Agreement

(1) Prior to submitting an application for siting approval for a PCF, the Applicant shall enter into negotiations with the County Board to develop a host agreement. The host agreement must be approved by the County Board. The host agreement shall be signed by the Applicant and the Chairman of the County Board before the Applicant submits an application for siting of a PCF. The host agreement shall be completed prior to any pre-filing review of a conceptual PCF.

(2) If the County and Applicant agree that a pre-filing review is warranted, then a pre-filing deposit of \$75,000 shall be submitted prior to the County engaging professional services to review the draft concept application. Any pre-filing review shall occur completely prior to the Applicant initiating the siting process described in Section 39.2 of the Act. A memorandum of understanding between the Applicant and County will be drafted and signed by each party prior to entering into pre-filing discussions. The memorandum of understanding shall define the roles of the County and Applicant and the detail of how the deposit will be utilized by the County. Any part of the pre-filing deposit that is not utilized for costs will be returned to the Applicant. Any costs incurred by the County associated with the pre-file review above and beyond the pre-filing deposit shall be the responsibility of the Applicant. Nothing in this Ordinance requires that a pre-filing review be performed.

(3) The applicant shall meet all notice requirements as required by 415 ILCS 5/1 et seq., as follows:

(i) The applicant shall cause to be published no sooner than 30 days nor later than 15 days prior to a request for siting approval a written notice of such request to be served either in person or by registered mail, return receipt requested, on the owners of all properties:

- within the subject area not solely owned by the applicant,
- adjoining the subject property,
- that would be adjoining but for public right-of-ways and other easements that do not extend more than 400 feet from the subject property line, and
- adjoining those properties above.

Said owners being such persons or entities, which appear from the authentic tax records of the county in which such facility is to be located. The County may also provide notice of such a request for siting approval by erection of a sign on the subject property, posted in a conspicuous place on the subject property allowing unobstructed public viewing.

(ii) The applicant shall also serve, within 14 days prior to a request for siting approval written notice upon members of the general assembly from the legislative district in which the proposed facility is located and this notice shall be published in a newspaper of general circulation published in the county. Such notice shall state the name and address of the applicant, the location of the proposed site, the nature and size of the development, the nature of the activity proposed, the probable life of the proposed activity, the date when the request for site approval will be submitted to the county board, a description of the right of persons to comment on such request as hereafter provided and any other information as may be required by the committee rules and procedures.

(iii) The applicant shall file proof of all notice requirements with the county board within 14 days of their publication.

(b) *Application submittal and fee.*

(1) In order to request siting approval of a proposed pollution control facility or expansion of an existing pollution control facility in the county, an applicant must file an application with the county board, with a minimum of 31 copies of the application and the substance of the applicant's proposal showing sufficient details describing the proposed facility to demonstrate compliance, including all site

plans, exhibits and maps, and all documents, if any, submitted as of that date to the IEPA pertaining to the proposed facility in connection with said applicant's application except trade secrets as determined under section 7.1 of the act (415 ILCS 5/7.1). The application may be obtained from the secretary of the county board.

The application must be complete, with answers provided for each question on the application form. The application should contain consecutively numbered pages and it must contain, as specified in the Articles:

- Identification of the Applicant
- Operation Classification
- Site Location
- Site History
- Notice to Adjoining Landowners
- Specific information by criteria in ten (10) sections with attachments as described in section F of the application.

No application for site approval shall be deemed to have been filed or accepted for filing and the County Clerk shall not give a receipt or other indication of filing until such time as the County Clerk has determined that the application has been filed:

- with the correct number of copies as required by the Articles and paragraph (b)(1) of this subsection,
- with the application fee as provided in paragraph (b)(2) of this subsection, and
- in the form required by the Articles and paragraph (b)(1) of this subsection.

Within a reasonable period of time after delivery of an application (considered 10 working days), the County Clerk shall advise the applicant either that the application appears substantially complete and that it has been accepted for filing, designating the date of filing as the date of final completeness determination; or that the application is not complete, specifying where it is deficient, and thus not filed.

Receipt and acceptance of an application by the County Clerk is pro forma, and does not constitute an acknowledgment that the applicant has complied with the Act or this Ordinance. It is the responsibility of the Applicant to ensure that the application contains all studies, analyses, site plans, exhibits, maps and documents required by this Ordinance and by the Articles of Rules and Procedures.

The date that the County determines that the Applicant has filed a complete application in proper form, together with the applicable filing fee deposit, with the County Clerk, shall be considered the official filing date for all time limit purposes.

(2) In addition, the applicant must file with the county board a deposit fee of:

- (i) One Hundred and Seventy Five Thousand Dollars (\$175,000.00) for a Transfer Station or Mixed Waste Processing Facility;
- (ii) Three Hundred Thousand Dollars (\$300,000.00) for either a Refuse Derived Fuel facility, an Organic and/or Mixed Municipal Waste Composting Facility, or a new or expanded Sanitary Landfill;

- (iii) Five Hundred Thousand Dollars (\$500,000.00) for a hazardous waste disposal site or for an incinerator or PCF that burns refuse derived fuel; or
- (iv) an amount to be negotiated with the County for other types of pollution control facilities.

Appropriate methods of payment of filing fees include only the following: wire transfer to the DeKalb County bank account, cashier's check, negotiable money order, or certified check with Treasurer, DeKalb County, Illinois listed as the payee.

The fee as applicable is intended to defray the reasonable and necessary costs of processing the application, including space rental, hearing officer, court reporter, transcription costs, public notice, staff review times, committee per diems, state's attorney and county consultants (including tests, exhibits and testimony, if any, provided by the consultants), any other relevant costs incident to the consideration of an application, and the costs of preparing the record for appeal, if any appeal of a county board decision is made to the state pollution control board. If the costs to the county are less than the amount paid in the form of the deposit, the excess shall be refunded to the applicant. Should there be any additional costs incurred by the county over the amounts paid as deposit, the applicant shall bear any and all additional costs.

(3) The application must be answered completely with information provided for each question, accompanied by all site plans, exhibits, maps and documents as specified in subsection (a)(1) above. The date the applicant files the application with the office of the county board shall be considered the official filing date for all time limit purposes. At any time prior to the completion by the applicant of the presentation of the applicant's factual evidence and any opportunity for cross-questioning by the county board and any participants, the applicant may file not more than one amended application upon payment of an additional fee of \$50,000 pursuant to section 39.2(k) of the act (415 ILCS 5/39.2(k)) and subsection 17-29(c)(2) of this section. The County may waive or reduce the fee for the amended application upon review of its expenses and costs to date. However, the time limitation for final action set forth in section 39.2(e) of the act (415 ILCS 5/39.2(e)) and subsection 50-57(b) of this article shall be extended for an additional period of 90 days.

(c) Distribution of copies; study and review.

(1) Upon receipt of a completed application, and payment of the deposit fee, the secretary of the county board shall date stamp all the copies and immediately deliver one copy to the chairman of the county board, one copy to the director of the Department of Planning, Zoning and Building, one copy to each municipality within 1 1/2 miles of the proposed facility and one copy to the chairman of the pollution control facility committee.

(2) In order to develop a record sufficient to form the basis of an appeal of the county board decision, the county department of health and the state's attorney's office may retain consultants on behalf of the county. The consultants and the county agencies shall then commence a study of the application. The applicant shall cooperate fully with the consultants and the technical staff of the county in their review of the application.

(d) Public inspection. A copy of the application and all related documents or other materials on file with the county board shall be made available for public inspection in the office of the county board

and at a library or libraries specified by the County. Members of the public shall be allowed to obtain a copy of said request or any part thereof upon payment of actual cost of reproduction and proper request as outlined in The Freedom of Information Act (5 ILCS 140/1 et seq.).

(Code 1979, § 17-29)

Sec. 50-55. Procedure for filing written comments to an application.

(a) Any person may file a written comment with the county board concerning the appropriateness of the proposed site for its intended purpose pursuant to this article. The county board shall consider any comment received or postmarked from the date of acceptance of the application through and until 30 days after the date of the last public hearing in making its final determination. The written comments shall be sent or delivered to the Office of the DeKalb County Board, 110 E. Sycamore Street, Sycamore, Illinois 60178. Upon receipt, the county board secretary shall date stamp the comment.

(b) These comments shall become a part of the record of the proceedings of the committee.

(Code 1979, § 17-30)

Sec. 50-56. Hearings on applications.

(a) At least one public hearing shall be held by the pollution control facility committee no sooner than 90 days but no later than 120 days from the receipt of the request for site approval under this article. The public hearing shall develop a record sufficient to form the basis of any appeal.

(b) The applicant is to cause to be published a notice of the hearing in a newspaper of general circulation published in the county not later than 15 days before the hearing, and notice by certified mail to all members of the general assembly from the district in which the proposed site is located, to the governing authority of every municipality contiguous to the municipality in which the proposed site is to be located, and to the state environmental protection agency. The County may also provide notice of such hearing by erection of a sign on the subject property, posted in a conspicuous place on the subject property allowing unobstructed public viewing.

(c) The chairman of the committee shall notify the applicant in writing of the date of the public hearing before the committee, at least 21 days before that hearing, in order that the applicant may publish notice of that hearing.

(d) During the course of the public hearing before the committee, the committee shall receive testimony, such testimony to be recorded, from the applicant and witnesses the applicant may call, any county witnesses, and other witnesses or objectors, and shall recommend approval only if the proposed facility meets the following criteria:

(1) The facility is necessary to accommodate the waste needs of the area it is intended to serve.

(2) The facility is so designed, located and proposed to be operated that the public health, safety and welfare will be protected.

(3) The facility is located so as to minimize incompatibility with the character of the surrounding area and to minimize the effect on the value of the surrounding property.

(4) The facility is located outside the boundary of the 100-year floodplain or the site is flood proofed.

- (5) The plan of operations for the facility is designed to minimize the danger to the surrounding area from fire, spills or other operational accidents.
- (6) The traffic patterns to or from the facility are so designed as to minimize the impact on existing traffic flows.
- (7) If the facility will be treating, storing or disposing hazardous waste, an emergency response plan exists for the facility, which includes notification, containment and evacuation procedures to be used in case of an accidental release.
- (8) If the facility will be located within a regulated recharge area, any applicable requirements specified by the state pollution control board for such areas have been met.
- (9) The facility is consistent with any current solid waste management plan adopted by the county board.

The committee and the county board may also consider as evidence the previous operating experience and past record of convictions or admissions of violations of the applicant (and any subsidiary or parent corporation) in the field of solid waste management when considering criteria (2) and (5) above and of section 39.2(a) of the act (415 ILCS 5/39.2(a)).

- (e) A hearing officer appointed by the committee shall preside at the public hearing and shall make any decisions concerning the admission of evidence and the manner in which the hearing is conducted subject to this article and the articles of rules and procedures of the committee. However, the hearing officer shall make all rulings and decisions in accordance with fundamental fairness. No procedural ruling of the hearing officer shall be appealable to the county board.
- (f) The decision of the committee on the application is to be in writing, specifying the reasons for the decision, such reasons to be in accordance with subsection (d) of this section. The committee shall submit its report to the county board as soon as practicable.
- (g) The siting approval, procedures, criteria and appeal procedures provided for in the act for new pollution control facilities as set forth in this article shall be the exclusive siting procedures and rules and approval procedures. Local zoning or other local land use requirements shall not be applicable to such siting decisions. If siting approval is granted, the site shall be designated for “special use” on DeKalb County zoning maps.

(Code 1979, § 17-31)

Sec. 50-57. Decisions.

- (a) Once the committee has made its recommendation under this article and reduced its recommendation to writing, the written recommendation shall be submitted to the full county board for its decision as to the ultimate approval or disapproval of the proposed site location. Four copies of the record of the public hearing shall also be made available to the full county board in the county board office as soon as the transcript becomes available.
- (b) The county board shall make a decision based on the record from the public hearing and review of the recommendation of the committee. The decision of the county board shall be in writing, specifying the reasons for the decisions, such reasons to be in conformity with section 39.2(a) of the act (415

ILCS 5/39.2(a)). In granting approval for a site, the county board may impose such conditions as may be reasonable and necessary to accomplish the purposes of the act and as are not inconsistent with regulations promulgated by the state pollution control board. Such decision shall be available for public inspection at the office of the county board and may be copied upon payment of the actual cost of reproduction. If there is no final action by the county board within 180 days after the filing of the request for site approval, the applicant may deem the request approved.

(c) Whether the board approves or disapproves of the proposed site location, a resolution shall be passed to that effect, stating the reasons for the decision.

(d) An applicant may not file a request for local siting approval which is substantially the same as a request which was disapproved, pursuant to a finding against the applicant under any of the criteria in subsections 50-56(d)(1) through (9) and of section 39.2(a) of the act (415 ILCS 5/39.2(a)), within the preceding two years.

(Code 1979, § 17-32)

Sec. 50-58. Articles of rules and procedures.

The committee shall establish articles of rules and procedures for the application and hearing process governing pollution control facilities. These rules and procedures must also be followed by any applicant. Any additional information or requirements mandated by the rules and procedures must be submitted or followed by the applicant.

(Code 1979, § 17-33)

STATE OF ILLINOIS)
)SS
COUNTY OF DEKALB)

ORDINANCE 2007- 13

**AN ORDINANCE AMENDING ARTICLE 7
OF THE DEKALB COUNTY ZONING ORDINANCE
REGARDING SIGN REGULATIONS**

WHEREAS, Article 7 of the DeKalb County Zoning Ordinance contains regulations related to signs; and

WHEREAS, the County Board is desirous of assuring that the Sign Regulations are legally sustainable and reflective of recent case law regarding constitutional and aesthetic issues; and

WHEREAS, therefore, under the direction of the Planning and Zoning Committee of the DeKalb County Board, the Planning, Zoning and Building Department has prepared and submitted an application for Amendments to the text of Article 7 focused on the purpose, intent and scope of sign regulations, noncommercial speech, political signs, prohibited signs, and billboards, as set forth below; and

WHEREAS, following due notice published in The Daily Chronicle not less than 15 days in advance, a public hearing was conducted on July 26, 2007 by the DeKalb County Hearing Officer regarding the proposed Zoning Text Amendments, and no persons spoke in favor of the proposal and none in opposition thereto; and

WHEREAS, based on the testimony given at the public hearing, the Hearing Officer has forwarded to the Planning and Zoning Committee of the DeKalb County Board his findings and recommendation that the proposed amendments to the Zoning Ordinance be approved, as set forth in the Findings of Fact and Recommendation, dated July 27, 2007, a copy of which is appended hereto as Exhibit "A"; and

WHEREAS, the Planning and Zoning Committee has considered the proposed Text Amendments and the recommendation of the Hearing Officer and has forwarded a recommendation to the full County Board that the proposed amendments be adopted; and

WHEREAS, the County Board of DeKalb County has determined that it is in the best interests of the citizens of the County to amend Article 7 of the DeKalb County Zoning Ordinance in accordance with the proposed text;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNTY BOARD OF DEKALB COUNTY, ILLINOIS, as follows:

SECTION ONE: The findings and recommendation of the DeKalb County Hearing Officer,

Exhibit “A” attached hereto, are hereby adopted as the findings and conclusions of the DeKalb County Board.

SECTION TWO: Article 7 of the DeKalb County Zoning Ordinance, Appendix A of the DeKalb County Code, is hereby amended as follows:

1. Section 7.01. Purpose, adding the following underlined text:

It is the purpose and intent of this Article to regulate and control the location, height, area, construction, number and maintenance of signs and matters related thereto within unincorporated DeKalb County in order to promote and protect public safety, health, and general welfare of the community; provide for uniform regulation and orderly construction of signs in harmony with the purpose and intent of the established zoning districts; prohibit hazardous and dangerous signs, provide a desirable and attractive living environment through harmonious and uniform signs, and prohibit the construction and maintenance of signs that negatively impact the common use and enjoyment of adjacent properties.

2. Section 7.02. Scope, adding the following paragraph:

C. Signs containing noncommercial speech are permitted anywhere that commercial or business signs are permitted, subject to the same regulations applicable to such signs.

3. Sections 7.07 and 7.08.regulating signs in the Agricultural Districts, and 7.08, regulating signs in the Residential Districts, as follows:

~~Political signs~~ Noncommercial signs, not exceeding . . .

4. Section 7.10.B regulating temporary signs as follows:

Temporary off-premises directional/identification signs for listed permitted and special uses in the Agricultural District, and temporary off-premises noncommercial signs . . .

and adding a new paragraph as follows:

5. Political and election signs, not exceeding thirty-two (32) square feet per sign face in the Agricultural, Commercial and Manufacturing Districts and not exceeding eight (8) square feet in the Residential District, shall be permitted, unlimited in number and message, on any parcel of land. Such signs shall be erected, however, only on private property, no more than thirty (30) days prior to election and shall be removed within seven (7) days after the election for which they were made, and shall be subject to the location and height restrictions applicable to signs in the zoning district in which they are erected.

5. Section 7.05, Prohibited Signs, as follows:

- J. ~~Flashing signs including electronic message centers and signs with changeable copy or changeable sign face by electronic or mechanical means; however, not including digital time and temperature signs involving only that information and no further or additional information of an advertising nature. Such time/temperature signs shall be constant or steady in nature, and shall not grow, melt, x-ray, up or down scroll, write-on travel, inverse, roll, twinkle, snow or present pictorials or other animation.~~

6. Section 7.10.C., regulating billboards, as follows:

5. Construction specifications: Henceforth, any such sign erected under this Ordinance shall be a single pedestal type, constructed of wood or of non-flammable materials, excluding wood. ~~The prohibition against flashing signs and signs with changeable copy or changeable sign face by electronic or mechanical means, set forth in Section 7.05.J above, shall apply to standard outdoor advertising structures.~~ Construction of such signs and material specifications shall meet the structural requirements of the County Building Codes;

7. Section 1.04, Validity and Severability Clause, as follows:

If any court of competent jurisdiction shall declare any part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term, or word of this Ordinance to be invalid, such ruling shall not affect the validity or enforceability of the remaining portions of this Ordinance not specifically included in said ruling. If any court of competent jurisdiction shall declare invalid the application of any provision of this Ordinance to a particular land, parcel, lot, district, use, building or structure, such ruling shall not affect the application of said provision to any other land, parcel, lot, district, use, building, or structure not specifically included in said ruling.

SECTION THREE: This Ordinance shall be in full force and effect upon its adoption by the County Board of DeKalb County, Illinois.

ADOPTED BY THE COUNTY BOARD THIS 19TH DAY OF SEPTEMBER, 2007, A.D.

Chairman, DeKalb County Board

ATTEST:

DeKalb County Clerk

Section 6. That this Ordinance shall be in full force and effect after its passage and approval as provided by law, but not unless and until the DeKalb County Engineer causes appropriate signs to be erected and maintained at each end of that portion of any County highway affected.

Section 7. That Section 70-6(b) of the DeKalb County Code be changed to read “The county engineer is authorized to post signs prohibiting, limiting, or restricting the stopping, standing or parking of vehicles on roadways under the county’s jurisdiction.”

ADOPTED BY THE COUNTY BOARD THIS 19TH DAY OF SEPTEMBER, 2007 A.D.

Chairperson, DeKalb County Board

ATTEST:

County Clerk
