Dentists in Illinois have volunteered to provide comprehensive dental care at no charge to people of all ages who are permanently disabled, elderly (over 65) or medically fragile and lack adequate income to pay for needed dental care you may be eligible.

COST:

Qualifying individuals generally pay nothing, but occasionally, people in a position to pay for part of their care may be encouraged to do so, especially when laboratory work is necessary.

DENTAL BENEFITS:

If dental insurance and/or Medicaid cover any portion of your dental problems, you will be asked to exhaust this resource.

APPLICATION PROCESS:

Step One

Complete entire application. Page 4 of the application provides consent for the Program Coordinator to obtain and share information about you, and Page 5 of the application provides consent for your physician to release medical information. Please return the application and both consent forms by mail, fax, or online as directed. Keep this page for your records.

Step Two

When your application is received and you appear to be eligible for the agency, your application will be placed on a waitlist in the order it was received. If you are not eligible, a letter of denial will be sent to you. Depending upon the area you live in, the wait will be several months or can be over a year. Please also be aware that we cannot return phone calls about where you are on the waiting list due to the volume of calls we receive and trying to help people through the program as quickly as possible.

Step Three

When your application comes to the top of the waitlist, the agency will contact you to tentatively determine eligibility. If a volunteer dentist agrees to evaluate your oral health, you will be given the information to schedule a consultation. **Final acceptance** into the program will be made only **after** the consultation and when the specific treatment needs are established by a volunteer dentist. We are sorry you are experiencing a dental problem and we hope the agency's program may be of some help.

VETERANS' ASSISTANCE COMMISSION FUND BALANCE TARGET as of December 31, 2013

Actual Expenditures for 2013 (Unaudited): \$ 436,021

Calculation of Fund Balance Target

			% of Prior	
Purpose		Amount	Year Exp.	Notes
Revenue Source Stability		40,000	9%	Approximately 1 month of reserves.
Expenditure Volatility		40,000	9%	Approximately 1 month of reserves.
Capital Outlay		35,000	8%	Approximately 1 month of reserves.
Vulnerability to Extreme Events		80,000	18%	Approximately 2 months of reserves.
Liquidity		220,000	50%	Approximately 6 months of reserves.
Contingencies		110,000	25%	Approximately 3 months of reserves.
	\$	525,000	120%	

Fund Balance Target is 120% of Prior Year's Actual Expenditures.

Revenue Source Stability: Reserve for volatility in revenue sources such as unanticipated

decreases in EAV that would reduce available property tax

revenue due to maximum rate restrictions.

Expenditure Volatility: Reserve for volatility in expenditures such as inflation, health

care costs, pension costs, etc.

Capital Outlay: Reserve for capital equipment, such as a vehicle, that is nearing

the end of its useful life and may need to be replaced.

Vulnerability to Extreme Events: Reserve for extreme events, such as natural disasters or

reductions in Veterans' benefits, which will result in increased

demand for direct assistance payments.

Liquidity: Reserve for liquidity to avoid cash flow problems that could

occur due to the majority of property taxes being collected between June and September while expenditures are being incurred equally, for the most part, on a monthly basis.

Contingencies: Reserve for contingencies due to lean budgeting practices that

limit the ability to adapt to potential changing circumstances and result in fund balance reserves being looked to as the source

of contingency funding.
