DeKalb County Government
Sycamore, Illinois

**Economic Development Committee Minutes
October 3, 2017**

The DeKalb County Economic Development Committee met on Tuesday, October 3, 2017 at 7:00 p.m., in the Administrative Building's Conference Room East in Sycamore, Illinois. Chairman Bagby called the meeting to order. Those Members present were Mr. Brown, Mrs. Emmer, Mr. Faivre, Mrs. Haji-Sheikh, Mr. Osland, and Chairman Bagby. A quorum was established with all six Members present.

Others present were Tim Hughes, Paul Borek, Robin Brunschon, Karen Cribben, Michelle Christensen, Michael Miner, John Mataitis, Sarah Leif, and Pete Stefan.

APPROVAL OF THE MINUTES

It was moved by Mrs. Emmer, seconded by Mr. Faivre, and it was carried unanimously to approve the minutes from the September 5, 2017 meeting.

APPROVAL OF THE AGENDA

It was moved by Mrs. Haji-Sheikh, seconded by Mr. Brown, and it was carried unanimously to approve the meeting agenda.

PUBLIC COMMENTS

There were no public comments.

DCEDC UPDATE

DeKalb County Economic Development Committee Executive Director Paul Borek joined the Committee and thanked them for the opportunity to provide an update on the successes of the Enterprise Zone as well as his most recent opportunity to promote DeKalb County in Japan and China.

Mr. Borek shared that from 2016 to date there have been eighteen Enterprise Zone projects. Out of those eighteen projects: 7 were Commercial and Commercial Mixed Use, 4 were Manufacturing, 3 Industrial, 2 Professional Services, and 2 Contractors. These eighteen project represented a conservative estimate of \$55 million in capital investment which broke down to: \$24 million in new construction and \$31 million in renovation/rehab. Out of those totals, \$16.7 million consisted of building materials and \$889,000 savings to projects.

These projects were located throughout the DeKalb County Enterprise Zone, included: Cortland – DC Trash; DeKalb – Brian Bemis Toyota, Cornerstone – John Pappas, SparrowHawk/Solotech, SundogIT-Cohen Barnes, Nestle #1, Nestle #2; Genoa – Malcour Developments/Service Concepts; Sandwich – Meadowvale, Inc., Gord Industrial Plastics, G & L

Washes, Angie's Sugar Buzz Bakery, MLC/Midwestern Concrete; Sycamore – Illinois Community Credit Union, IDEAL INDUSTRIES, The Suter Company, Advanced Family Eye Care. The Committee were pleased that the Enterprise Zone was being utilized throughout the entire County.

Mr. Borek additionally noted that the Enterprise Zone has increased the visibility and competitiveness of DeKalb County in identifying prospects and attracting new and expanded business investments. Additionally, DeKalb County was selected as finalists for two significant site selection projects, each involving 500+ acres, over \$1 billion in investment and 2,000+ jobs. This would not have been occurred without the DeKalb County Enterprise Zone being in place. Lastly he shared that the Enterprise Zone was important to attracting two new companies to DeKalb County: Solotech of Quebec, Canada and Meadowvale of Yorkville, Illinois.

Target Corporation received an "Edie" Award from the Illinois Chamber of Commerce and the Illinois Economic Development Association on September 28th, 2017. The 9th Annual Economic Development in Illinois Awards were presented at the Illinois Chamber of Commerce's Annual Luncheon at the Drake Hotel in Chicago. Illinois Governor Bruce Rauner presented the award to Mike Milano, General Manager of the Target Upstream Distribution Center in DeKalb, IL.

Mr. Borek additionally shared with the Committee that he recently seized the opportunity to promote DeKalb County on an international stage, he was proud to represent DCEDC on a business development trade mission to Japan and China in mid-September. The Asia Jobs Mission was led by Gov. Bruce Rauner and consisted of a delegation of Illinois business leaders. The mission trip, focused on dynamic trade association and significant international businesses and was organized by Intersect Illinois, the state's public/private economic development partnership. Illinois has strong partnerships with both counties to build upon. Mr. Borek additionally described his days touring both counties and expanded on his touring of Caterpillar China and Wanxiang Group Corporation. He shared he is confident that the relationships started in Asia and with the State of Illinois will result in increased investment, business development and job creation in DeKalb County and the State of Illinois.

FY 2018 BUDGET

Assessments Office Budget Appeals

Chief County Assessment Officer Robin Brunschon came before the Committee to appeal two position upgrades and the addition of a new part-time position that were denied in FY 2018 Budget Narrative #18: *The Assessments Office has requested three personnel changes. For the two part-time Administrative Clerk C positions, the request is to upgrade both to Administrative Clerk A positions for a 10% increase at a combined cost with benefits of about \$9,000. In addition, a new 29 hour per week position of Administrative Clerk C is requested at a cost of about \$25,000 with benefits. All three requests are denied because of budget constraints.*

Ms. Brunschon began by thanking the Committee for the opportunity to appeal the Administrative Recommendations and extended an invitation to them all to come to her office anytime to see what the office does and how they do it. She additionally noted that since she has taken office, she has worked hard to streamline the duties performed in order to benefit the

Note: These minutes are not official until approved by the Economic Development Committee at a subsequent meeting. Please refer to the meeting minutes when these minutes are approved to obtain any changes to these minutes.

public and to help the office retrieve information from the public, for municipalities, and for the County.

Ms. Brunshon additionally went through a letter that she provided to the Committee that broke down the duties of the office and the day to day forms they deal with and the time that is taken to assist individuals with properly filling out those forms. The office also mails out and processes a very large amount of mailings as well as assists with a number of phone calls. While explaining the different duties that are done through the Assessor's Office, Ms. Brunshon noted that her department's staffing level is very low for the amount of work that is required to be done of them. Just having enough coverage some day is very difficult. There are days that they may have one to two employees in the main office and one mapper. On those days, they are not able to get much work done because they are busy answering phone calls and waiting on the public. She additionally addressed that the efficiency of the office may possibly increasingly decline if she does not have the adequate amount of staff.

I just hired a part-time employee to fill an open position and the new employee was hired at a lower pay level, Mr. Brunshon shared. She also praised her two part-time employees for the large amount of work that they do for only currently being part-time Administrative Clerk C positions which is why she is proposing they are upgraded to Administrative Clerk A positions which would cause an increase of \$4,300 for one and another \$4,700 for the other. She stressed that these individuals need to be compensated for the work they do and should be allowed a living wage. Ms. Brunshon stated that she is additionally asking the Board to approve another part-time person so they can fulfill all the requirements that the Property Tax Cycle requires of them in an efficient and timely matter for a cost of \$25,000 annually. All of these positions were suggested to be funded by General Fund revenues/fund balance and no additionally funding sources were identified.

The Committee sympathized with the fact that the current part-time employees are taking on the work of a full-time employee and not being acceptably compensated for it. They also discussed the possibility of reducing the hours (allowing only 18-19 hrs.) of the new requested part-time position so that would reduce the overall cost because the County would not be paying into IMRF for that position. Ms. Brunshon noted that she would be willing to compromise and that she asked for what she needed but would be happy with getting any additional help that she could.

Mr. Brown moved to approve Appeal #1 to upgrade one Part-Time Administrative Clerk C position to a Part-Time Administrative Clerk A position in the amount of \$4,300. Mr. Faivre seconded the motion and it was approved unanimously to forward the appeal to the Finance Committee.

Mr. Faivre moved to approved Appeal #2 to upgrade the second Part-Time Administrative Clerk C position to a Part-Time Administrative Clerk A position in the amount of \$4,700. Mrs. Emmer seconded the motion and it was approved unanimously to forward the appeal to the Finance Committee.

Mr. Faivre moved to approve and forward to the Finance Committee Appeal #3 to add a new Part-Time (not to exceed 19 hrs/week) Administrative Clerk C position in the amount of \$15,000 but only if appeals #4 AND #11 are approved as well. Mrs. Emmer seconded the motion. The motion carried with one opposition from Chairman Bagby.

Other Budget Appeals, if any

There were no FY 2018 Budget Appeals for any County Departments that report to the Economic Development Committee.

Committee's Questions & Review of Departments' FY 2018 Budgets

There were no specific questions asked about any department's budgets that report to the Committee but the Committee very briefly had a general discussion about the FY 2018 Budget as a whole.

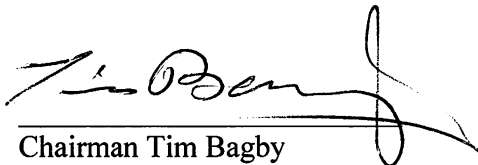

OLD BUSINESS/NEW BUSINESS

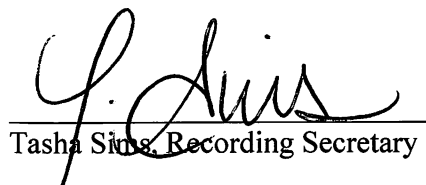

Mr. Hiland shared that New Traditions Publishing is the newest tenant of the Business Incubator. He provided a brief background of the company and shared that DeKalb County Community Gardens will be graduating from the Incubator shortly and there are possibly two more tenants that have shown interest in applying for spaces.

ADJOURNMENT

It was moved by Mr. Faivre, seconded by Mrs. Haji-Sheikh and it was carried unanimously to adjourn the meeting.

Respectfully submitted,

Chairman Tim Bagby

Tasha Sims, Recording Secretary

Summary of FY 2018 Budget Appeals as of 09-27-2017

Appeal #	Budget Narrative #	Appellant	Item Appealed	Dollar Amount Under Appeal	Action Requested	Additional Funding Source or Disposition of Savings	Committee Assigned to
Economic Development Committee Appeals							
1	18	Robin Brunshon	Denial of Position Upgrade for one of two Part-Time Administrative Clerk C Positions	\$4,300	Approve the upgrade of one Part-Time Administrative Clerk C position to a Part-Time Administrative Clerk A position.	To be funded by General Fund reserves/fund balance.	Economic Development
2	18	Robin Brunshon	Denial of Position Upgrade for the second of two Part-Time Administrative Clerk C Positions	\$4,700	Approve the upgrade of a second Part-Time Administrative Clerk C position to a Part-Time Administrative Clerk A position.	To be funded by General Fund reserves/fund balance.	Economic Development
3	18	Robin Brunshon	Denial of a New Part-Time Administrative Clerk C Position	\$25,000	Approve a new Part-Time Administrative Clerk C position to ensure all of the requirements of the property tax cycle are fulfilled and that coverage and customer service needs are met.	To be funded by General Fund reserves/fund balance.	Economic Development
↳ IMRF Reduction = \$15,000							
Forest Preserve Committee Appeal							
4	26 & Exhibit 1 Line 4c	Tracy Jones & John Frieders	Redirection of a Portion of the Landfill Host Benefit Fee Allocation from the Forest Preserve District.	\$25,000	Increase the redirection of the Landfill Host Benefit Fee allocation from the Forest Preserve District from a \$75,000 redirection to a \$100,000 redirection.	Savings to be added to the bottom line of the General Fund budget or to create a General Fund budget reserve.	Forest Preserve
Law & Justice Committee Appeals							
5	15	Tom McCulloch	Denial of Position Upgrade from a Full-Time Attorney-Level One to a Full-Time Attorney-Level Two	\$10,000	Approve the upgrade from a Full-Time Attorney-Level One position to a Full-Time Attorney-Level Two position.	To be funded by General Fund reserves/fund balance.	Law & Justice
6	15	Tom McCulloch	Denial of Position Upgrade from a Full-Time Attorney-Level Two to a Full-Time Attorney-Level Three	\$9,000	Approve the upgrade from a Full-Time Attorney-Level Two position to a Full-Time Attorney-Level Three position.	To be funded by General Fund reserves/fund balance.	Law & Justice
7	15	Tom McCulloch	Denial of a New Full-Time Attorney-Level Two Position	\$115,000	Approve a new Full-Time Attorney-Level Two position.	To be funded by General Fund reserves/fund balance.	Law & Justice
8	17	Roger Scott	Denial of a New Full-Time Administrative Secretary Position for the Corrections Division	\$69,000/Annual (\$40,000/7 Months)	Approve a new Full-Time Administrative Secretary position for the Corrections Division effective June 1, 2018 prior to the opening of the Jail Expansion.	\$10,000 to be funded from Commissary funds and \$59,000 to be funded via a transfer from the Law Enforcement Projects Fund.	Law & Justice
9	28	Mike Douglas	Denial of a General Fund Subsidy to Fund the Treatment Court Fund Deficit.	\$80,000	Approve funding for the Drug/DUI Court since this is a program mandated by Illinois State Statute (730 ILCS 166) Drug Court Treatment Act.	To be funded by General Fund reserves/fund balance.	Law & Justice
Planning & Zoning Committee Appeals							
10	26 & Exhibit 1 Line 4b	Lisa Gonzalez	Redirection of a Portion of the Landfill Host Benefit Fee Allocation from the Solid Waste Program.	\$40,000	Reduce the redirection of the Landfill Host Benefit Fee allocation from the Solid Waste Program from a \$75,000 redirection to only \$35,000.	To be funded by General Fund reserves/fund balance.	Planning & Zoning
11	26 & Exhibit 1 Line 4b	Tracy Jones, John Frieders, Steve Faivre	Redirection of a Portion of the Landfill Host Benefit Fee Allocation from the Solid Waste Program.	\$125,000	Increase the redirection of the Landfill Host Benefit Fee allocation from the Solid Waste Program from a \$75,000 redirection to a \$200,000 redirection.	Savings to be added to the bottom line of the General Fund budget or to create a General Fund budget reserve.	Planning & Zoning

DEKALB COUNTY GOVERNMENT

P

FY 2018 BUDGET

Appeal of Administrative Recommendation

(To be Used by County Board Members, Department Heads, Outside Agencies)

Name of Person Submitting Appeal: Robin Brunschon

If Applicable:
Appeal pertains to which Department: Assessment Office

Instructions

County Board Members, Department Heads, and Outside Agencies should use this form as a method to formally appeal a component of the Administrative Recommendation of the FY 2018 Budget as presented on September 6, 2017. Appeals will be referred to the appropriate Committee. If the Committee concurs with the appeal, then the item will be referred to the Finance Committee on Wednesday, November 1, 2017. **Please use one form per item being appealed.**

Item Appealed:

Form E: Position Upgrade to Administrative Clerk A

Total Dollars Under Appeal:

\$3,448.00

What you would like to see happen:

I would like to see my loyal, dedicated and dependable part-time employee be able to make a living wage. Making \$13.24 per hour is not compensating him for all of his hard work. By working part-time the county is saving thousands of dollars by not offering medical benefits. My department has made cuts in past years to where we are truly at bare bone staffing levels, and our workload is only going up. I cannot afford to lose this employee due to low wages.

Where do you suggest additional funding comes from or how should the savings be used:

To be determined.

PLEASE RETURN TO THE FINANCE OFFICE (E-MAIL: budget@dekalbcounty.org)

**Chief County Assessment Officer
Robin L. Brunschon, CIAO-I**

DeKalb County Administration Building
110 E. Sycamore Street
Sycamore, IL 60178
(815) 895-7120 / FAX: (815) 895-1684

October 3, 2017

DeKalb County Economic Development Committee
Legislative Center
200 North Main Street
Sycamore, IL 60178

Dear Members of the Economic Development Committee:

I want to thank you for this opportunity to come before you.

I don't know if any of you have ever been to our office to see what we do and how we do it, but I do extend an invitation to you to do so. I would be more than happy to show you around.

Since I have taken office, we have streamlined our office. I have done this to benefit the public, but it has also helped us to retrieve information for the public, for municipalities, and for the county.

I truly do not want to compare the county offices, but our office is a little unique. Every year, our office sends out forms that need to be completed, signed and returned. Below are forms sent out by our office annually:

EXEMPTIONS

Homestead Exemptions
Senior Freeze Applications
Exempt Properties
Disabled Veterans/Persons
Assessment Changes
Board of Review Complaints
Assessor Changes at Board of Review
Mapping Changes at Board of Review

*If not renewed they are sent out a second and third time.

If possible, these are done at different times of the year so that we have enough help to process these as they come back to us. When they do come back to us, I would say at least 10-15% of them are incorrect, not signed, and do not have all the information required to process them. So that means taking the time to make a phone call or send a letter.

The three items that take the most time for our main office are Assessment Changes, Senior Freezes, and Board of Review.

Assessment changes require that we go through 19 township binders (42,562 parcels) and put in the changes that the Township Assessors have made. Once they are entered, they need to be checked by either Chris or Michelle. Once all the questions have been answered by the township assessors, all changes in their books have been entered, and all changes that they sent in at a later date have been entered, they need to be compiled by township and equalized, mailed out and published in the newspaper and online. This normally takes 3-4 months depending on how many changes there are and, when they get their books turned into us. We have no control over the township assessors. What we ask of them and deadlines we set for them can be taken only as a suggestion. There were changes made in DeKalb Township that should not have been made and where changes should have been made, they were not.

We are trying to send out our Senior Freeze Applications earlier the last few years. We mail out applications to each party who has ever applied in the past. Provident Direct does our mailing, but that truly is the easy part. Each senior citizen needs to prove that they qualify. Each senior needs to mail or bring in their Federal Tax form 1040 along with the completed application. I would say that we complete the forms for about a third of our seniors. Sometimes they do not even take them out of the envelope before they get to our office. Once they are completed, they are then entered and scanned into the Devnet. Many times, we have to issue a Certificate of Error for the previous year, because they forgot to file. So far for 2017, we have issued 436 Certificates of Error, which for the most part are exemptions.

Board of Review is an extremely busy time of the year. The Board of Review files are probably handled by 3-4 different people. These files need to be put together, docketed, scanned into the computer to be sent to the township assessors, appointments need to set up and mailed, any additional documentation or evidence that comes in later needs to be emailed to the township assessor, and those requests for over \$100,000 need additional information sent out to intervenors. Once the decisions have been made, notices need to be sent out. Last year we waited on 400 people (400 divided by 20 working days is 20 people per day) at the counter and took 928 (46 calls per day) phone calls over the 30-day period that people were allowed to file complaints. This includes phone calls taken by our mappers.

But is it not just Complaints that take place this time of year. There are still changes being submitted by the township assessors and mappers which we need to enter into Devnet and have notices mail out.

We have been trying emphasize to the township assessors the importance of new construction in calculating the Estimated Assessed Value for all the taxing districts, and I believe that it is working. Last year we had new construction of 19, 857,614. In 2015 new construction was 15,021,113, of this amount \$5.3 million was put on at Supervisor of Assessment Level, and so, for this year, (not all new construction is in) the new construction value is estimated to be around 30,000,000.

Christopher and Michelle are our part-timers, who do full-time work. Both Chris and Michelle take on the responsibility of answering the phones and waiting on customers, so Robin and Karen can devote more time to their responsibilities. Both of them are extremely responsible and their interaction with the customers is excellent.

Christopher is in charge of our Transfer Declarations, setting up our sales on the County's web page, checking exemptions after transfers of property and completing all the duties included with Red 1. Red 1 is the State of Illinois program in which most sales need to be added and then dumped into Devnet. All sales that do not have a Transfer

Declaration need to be entered manually into Devnet. He needs to make sure that our township assessors receive PDF's of all their sales monthly. Recorded documents are up approximately 10% for this year.

Michelle is in charge of sending out and collecting information on our "Exempt" properties. She is also in charge of the Disabled Persons/Veterans exemptions. Each year the numbers increase, this year the percent of increase is up by 17%. She sends out the forms to each taxpayer who was eligible the previous year and renews them when they come in. Many require more information than just the renewal papers, which can cause back-ups. She is also in charge of the Fraternal and Veterans Exemptions. These exemptions would be so much easier if they would send them back to us the first time they are mailed out. But they all need to be checked and rechecked to make sure we have received them all. She also changes names and addresses on parcels that have been transferred, or from address changes. Michelle also helps with checking assessor's workbooks to make sure they were entered correctly.

The number of properties that file with PTAB (Property Tax Appeal Board), are increasing every year. Since 2011 PTAB's have been on the rise. This involves research and submitting evidence to support our assessment. The Board of Review is in charge of this, but the mappers sometimes help in finding comparable properties. Then the PTAB's have to typed, copied and sent.

The Mapping Department steps in and helps the main office with answering the phone, opening the mail, docketing during Board of Review, labeling building permits received in the mail, and assists the Board of Review in compiling data for PTAB Appeals. This is done along with their principal job of "Mapping". They interpret legal descriptions and label each document with correct parcel numbers.

Divisions and/or combinations of parcels numbers:

Assigned parcels

Retired parcels

Subdivisions

Annexations

Vacations of Real Estate

They update and create Farmland Assessments and maintain Special Assessment Program parcels, and update the farm cards on the website. They interact with Attorneys, Title Companies, Surveyors, and the public via email, phone or in person.

The mappers more than earn their keep. They not only do their assigned job, but they help answer phones and wait on customers. They have helped the county in many other ways: Fiber Optics Project, Enterprise Zone legal description, County Cemetery map project, and other special projects requested by me or by others.

FOIA requests have increased slightly. Some of the new FOIA requests are from attorneys, which are extremely time consuming and detailed in nature. Some require input from our State's Attorney, before we continue or deny them.

This department's staffing level is very low for the amount of work that is required to be done. Just having enough coverage some days is tough. You have to account for vacations, illness, personal day, time off to attend continuing education, conferences, & meetings. There are days where we a may have one to two employees in the main office

and 1 mapper. On those days you are not getting much work done with answering phone calls and waiting on the public.

This is not a threat, but the fact of the matter is, there will be a loss of services if I can't get additional part-time help. We are the main source of revenue for the General Fund.

Emails and phone calls may not be answered as efficiently as they are now. As it is now, if it is not too complicated, we always get back to the parties the same day. There will be no cross checking each other's work, and this would normally take place when entering the Township Assessor's books. Wait time at the counter may increase, depending on the time of year. Our office has always prided ourselves in the lengths that we go to help our customers, either at the counter, on the phone or via email, and this will not be easy for us.

I have always been a team player, and I have made cuts in the past to help. When I started I had 5 full-time employees and 2 part-time employees. Part-time employees do not receive medical benefits. I currently have at 3 full-time employees and 3 part-time, one that just started yesterday, and two of the full time employees are mappers.

I just hired a part-time employee to fill Mary Seyller's position. This new employee was hired at a lower pay level.

My other 2 part-time employees are so good at what they do, I do not know how we could possibly fill their shoes. I am asking that you upgrade those 2 employees to Administrative Clerk A, which is an increase in pay. These two need to be compensated for the work they do and should be allowed a living wage.

I am asking you to approve another part-time person so we can fulfill all of the requirements that the Property Tax Cycle requires our department to do. I want to ensure coverage and customer service needs. I don't want there to be a delay which could result in late tax bill being mailed out.

Last year we published September 16th. We are not anticipating publishing until October 19th or 26th.

I appreciate your consideration in this matter. If you would have any further suggestions or comments, please feel free to discuss them with me.

I am very proud of what my staff has accomplished. They take pride in their jobs and work very hard at them.

Sincerely,

A handwritten signature in black ink that reads "Robin L. Brunson". The signature is written in a cursive style with a large, prominent "R" and "B".

Robin Brunson
